Call to Order:

7:11 with the official cowbell ring from Chris Duvall

Welcome: Chris DuVall:

Welcomed all of the new members to their first meeting in person in a long time!

Treasurer's Report: Michelle Zaloom

- July expences include coaches pay of \$2400
- August included over \$20,000 in expenses
- Still reconciling \$16,000 worth of deposits
- Revenue for the month totaled \$20,271

August coaches expences \$9,000
Crow uniform expenses were \$8,000 including almost \$2,000 for guard

Treasurers will try to notify/remind monthly donors of their contributions.

Motion to approve treasurers report at 8:12, treasurers report passed unanimity

Secretary- none

Band Director's Report: Mr. Manzi

*Thank you for help at band camp. Does anyone have suggestions to make it better? Charms registration went well. There may be a possible onslaught of password resets for the first dinner order for comp season.

*First football game: went as well as the first football game could go. Changed the setup a bit. Concessions for band are next week we need 28 people to volunteer. We will need some parents in addition to students. The concession stand made more on the first game this year than we did for homecoming last year, so people are showing up to support.

*Snap fundraiser starts tomorrow. Our goal is \$30,000. The incentives without cost are teachers getting pied in the face.

*Tomorrow night PR shirt at practice, PR shirt Friday.

*Getting Prop workday coming up soon, same as practice day

*Lancer Day- one bus/ 2 trips

*Comp season- right around 9/15 schedules should drop. Everyone is working with their coaches. Anticipating 3-5:00 performances and dinner after. This year we will be competing with other small schools in 3A with 82 members (85 was the limit)

*Picture day is 10/21 same as preview night 4:00-5:00 will be photos, 5:30 practice 7:00 performance

*Under the bleachers is district property and has approved the purchase of the connex bin at our cost so we don't lose any more props.

*District booster regulations state that boosters can not have a credit card but it is becoming necessary that we have one with appropriate checks and balances over \$11,000 was placed on personal credit cards last year. Sometimes, especially for competition registration immediate payment is necessary to secure our spot.

President Report-Chris Duvall-

-It is crucial to have cash/checks/square available at registration with a treasurer present as there are some parents that prefer to pay with cash or check instead of online.

-Vista Tap House reached out to offer to do a fundraiser. What about doing something local to Carlsbad like-restaurant night or the camp store or even That Pizza Place? Patty will check in on it.

-Carlsbad By the Sea to schedule in December. Donation has been made
